### Walk Guide

This a long but simple walk from Pateley Bridge to Gouthwaite Reservoir.

- 1) Starting from the car park on the north side of the river - head over the road (B6265) and down the road opposite
- 2) Before this road bends to the right, there is a footpath that takes you straight on
- 3) You now follow the path on - ignoring any lefts or rights, just keep going ahead
- 4) When you reach the farm - Covill Houses Farm - which lies just next to the reservoir, you should turn back and retrace your steps - as the path veers off to the right here and could leave you lost (unless you prepare a longer walk)

That is essentially the whole of the walk - but to make sure you're on the right track - you should always be on the closest path to the river without crossing the River Nidd, you should also be on the closest path to the reservoir
