### Walk Guide

1. Starting from the car park, taking the path towards Rabbit Ings
2. Stick to the right as the path splits.
3. Shortly after, head left as the path splits again and begin your climb to the top of Rabbit Ings
4. As you get to the top, head forwards on to the very top - where there's a great view all around you, on a clear day at least!
5. Following the path on (not backwards) you begin to loop around Rabbit Ings
6. Keep right at the next point where the path splits, or you'll be going round in circles
7. The next time the path splits not much later, keep left, as off to your right is the road
8. Follow the path around, ignoring a path off to the right and another one later to the left and eventually you will come back to where you started!
