

Sprotbrough

Distance	4.5 Miles
Duration	1 hour, 50 minutes
Features	River, Woodland
OS Map	Explorer 279
Area	South Yorkshire

Walk Guide

1. This walk starts from the car park on Nursery Lane.
2. Exiting the car park back onto Nursery Lane, heading left.
3. Not long after the car park there is another road which runs off to the left of Nursery Lane - take this new road.
4. At the end of this road is a footpath, continue on to it.
5. Follow this footpath all the way to the edge of the River Don, at which point you need to take the new footpath to the right.

6. You are on the new footpath, which runs by the waters edge, for a long time. Stick by the waters edge, continuing beyond the bridge which is about halfway on the footpath, then, when you're nearly at the A1(M) you need to take the steps to the right. If you continue under the A1(M) you have gone too far.
7. At the top of the steps, head left and onto Meadow Croft.
8. Take the second left off Meadow Croft.
9. At the end of the new road, head right onto Riverside Drive.
10. At the end of Riverside Drive, head left onto Park Drive.
11. Head along Park Drive, which eventually becomes Main Street.
12. Take a left onto Boat Lane.
13. Before the bridge, head right - back to the car park.
