

Ogden Reservoir

Distance	2 Miles
Duration	40 minutes
Features	Reservoir, Woodland
OS Map	Explorer OL 21
Area	West Yorkshire

Walk Guide

- 1) Head out of the car park towards the water
- 2) Take a left on the first footpath you meet
- 3) This path forks shortly after, take the leftmost path
- 4) You'll then meet another path which you need to take the left, down to the water's edge
- 5) When you arrive on the main path, head left, and follow it round, keeping closest to the water all the way around
- 6) When you get back towards the start, you'll want to take the path to the left
- 7) Then, when the path splits again, head to the right, before taking one last left back to the car park
